

# Benchmarking with Global No.1s, MMU is Soaring Upwards

Quacquarelli Symonds (QS) system, the only international ranking to have received International Ranking Expert Group (IREG) approval, continues to publish the global universities' overall and subject rankings.

*by subject*

MMU also rose in QS World University Rankings by Subject (Computer Science and Information Systems). In an upper place than last year, at #251-300, MMU today, is the leading Malaysian private university in this specific subject.

Based on QS World University Rankings by Subject 2017 released earlier in March, we, Multimedia University (MMU), are again in the very creditable positions. For the first time, MMU is listed together with the world's best in two specific subjects and two broad subject areas.

MMU is recognised to be in the Top 200, in QS World University Rankings by Subject (Electrical and Electronic Engineering). This preserved its reputation as Malaysian No. 1 private university for the third consecutive year, which in this specialisation, MMU is at par with other distinguished institutions such as Beijing University of Posts and Telecommunications (China); École Polytechnique (France); Hokkaido University (Japan); and Queensland University of Technology (Australia).

With a small gap i.e. shoulder to shoulder with UTP in this programme, MMU looks forward to rising even higher, being more competitive alongside the elder public universities in the country.

Furthermore, MMU is listed in two out of five broad subject areas for the first time. In Social Sciences and Management, at #451-500, MMU is the only Malaysian private university to be listed in this ranking. This placement is just below some of the globally-reputed institutions like Universität Bremen (Germany); Washington State University (USA); and Coventry University (UK), among others.

Congratulations!

Below is the summary of MMU's positions in the QS World University Rankings by Subject 2017.

Specific Subject	Rank	Highlights
1. <b>Electrical and Electronic Engineering (E&amp;E)</b>	#151-200	MMU is the No. 1 Malaysian Private University; and in the World's Top 200 for the third consecutive year
2. <b>Computer Science and Information Systems (CS&amp;IS)</b>	#251-300	MMU is the No. 1 Malaysian Private University; improved from the previous year (#301-350)

Broad Subject Area	Rank	Highlights
1. <b>Engineering &amp; Technology</b>	#401-450	MMU is listed for the first time: E&E and CS&IS are under this subject area.
2. <b>Social Sciences and Management</b>	#451-500	MMU is the only Malaysian Private University to be listed in this ranking
